We take pleasure in announcing that the Lautrup Group has acquired a majority Stockholding in Icon Chemicals SA, a Polymer Trading and Distribution Company domiciled in Geneva, Switzerland.

Effective as of this date Icon Chemicals SA will conduct its business as a fully integrated company within our Group.

Icon Chemicals SA was established in 2003 and has since then been actively engaged in the Polymer Trading and Distribution Business within Europe, Middle East, Africa and Asia.

We strongly believe this transaction to enhance our ongoing efforts of adding new sources of Supply and Products to our current Product Portfolio as it will further prove an incentive in straightening our efforts to extend the reach of our distribution activities into new geographical regions.

Mr. Amir Hooman Baniriah will continue as General Manager of the Company, which, however, as a result of the integration into our Group, in the future will operate under the following name:
